Buildable plot of land for sale in Atsipopoulo Rethymno. The plot is located at "Mesarmi" within the boundaries of the settlement of Atsipopoulos of the Municipality of Rethymno. It fronts on a municipal road with a minimum width of more than 4 m. and a length of 18.27 m. and has an area of 528.70 sq.m. The settlement has been characterized as traditional, so the maximum number of floors that can be built is 2 and the maximum building height should not exceed 7.50 m. The plot in question is, as a rule, buildable, facing a municipal road with a minimum width of more than 4 m. It is suitable for the construction of a permanent or holiday home or even for tourist accommodation.

Atsipopoulos is a settlement in the prefecture of Rethymno, 5 km SE of the city of Rethymno, at an altitude of 160 m. The village also featured people of letters such as the poet of "Abraham's Sacrifice" and "Erophile", G. Hortatzis. Today Atsipopoulos is one of the most beautiful villages of Crete. Its inhabitants respected and exploited the value of their village houses. Thus Atsipopoulos maintains its traditional appearance and the nobility of the Venetian years. The visitor will be enchanted by the neighborhoods of Atsipopoulos, with the courtyards and doors with the dates of the 17th and 18th centuries, with its churches and the buildings of the village.
