Plot of land with olive trees of "Manakia" type, the most suitable for eating, is for sale in Episkopi Rethymnon. It is a plot of land with a total area of 2324 sq.m. in the area "Tsamiko" outside the boundaries of the settlement of Episkopi Rethymno. There are no high voltage pylons or streams passing through the plot. The plot is not buildable but within it there are 70 olive trees with an irrigation system.

The property has easy access from an asphalt road, while it is very close to the village of Episkopi and only 10 minutes from the city of Rethymnon.

Episkopi is a village and seat of the homonymous local community of the Municipality of Rethymno in the Rethymno Regional Unit of Crete. It is located in the northwest of the prefecture of Rethymno and on the border with Apokoronou province of the prefecture of Chania and has an altitude of 135 meters. The village of Episkopi of Rethymno is bounded to the west by the Mousela river and to the east by the river that passes through the Petre gorge, next to the Zourida bridge.

It is a traditional village of the prefecture of Rethymno and is only 14 kilometers from Rethymno. It is a village with a special beauty, beautiful sights at close distances and a wonderful beach with crystal clear waters, which stretches a long way. The picturesque narrow streets of the village offer beautiful walks and transport you to other times, as the traditional architecture of the houses and buildings of the village has not been altered by modern

techniques and interferences.

The beach with its endless sandy beach is only 3 km from the village and is one of the cleanest in Crete. It has a lifeguard, shower and cabins to change.

Episkopi is located in a position that has easy access from any part of Crete, wherever you are. There are regular bus routes from both Chania and Rethymnon.
